Work Experience

- **Fiat Chrysler Automobiles (FCA)** 04/2018 – 11/2018

Centro Ricerche Fiat - Group Materials Labs (GML) - Polymers and Plastics

Master's Degree Thesis Internship

Analysis of polyamides 6,6 from post-industrial recycling for automotive applications

- Study of fiber-reinforced polymer composites
- Notched Izod Impact Test
- Traction and Flexion Tests
- Thermal Analysis (DSC and HDT Tests)
- Optical microscope analysis
- Test result analysis and report generation

- **Raffaello Srl – Clinical Analysis Lab** 06/2017 – 07/2017

Internship student

- Electrophoretic separation of serum proteins
- Determination of carbohydrate-deficient transferrin in human serum by HPLC
- Erythrocyte Sedimentation Rate Measurement
- Immunochemical Tests on human serum (hormones of the reproductive system, tumor markers, thyroid hormones, vitamins, markers of cardiovascular diseases, etc.)
- Drugs, enzymes and inorganic ions quantitative analysis

Soft Skills

- Problem Solving
- Team working
- Goal-oriented
- Proactivity
- Communication
- Ability to Work Under Pressure
- Decision Making
- Time Management
- Self-motivation
- Adaptability

Tools and certifications

- ECDL (European Computer Driving License) certificate
- English level: B2
- Capillarys 2 Flex-Piercing – Sebia
- VES Matic Cube 200 - Diesse
- Unicel DxI 600 – Beckman Coulter
- AU680 – Beckman Coulter
- 24 CFU pursuant to DM 616 of 10 August 2017 at the University of Turin

Education

- **University of Turin** 2012 - July 2019
MSc in '*Clinical, Forensic and Sport Chemistry*'
Thesis title: "Study and characterization of innovative recycled polyamides 6,6".
Graduation score: 110/110 Cum Laude
- **University of Cagliari** 2008 - 2012
BSc in '*Chemistry*'
Thesis title: "Organocatalyzed aldolic reactions".
Graduation score: 109/110
- **Classical High School** 2003 - 2008
Diploma score: 86/100

Personal details

- Emphatic
- Driving License B
- Available to travel
